# All About Sharkathon

Sharkathon brings **real thinking skills** to school students and then puts them into shoes of **an entrepreneur, consultant and an investor (“Shark”)**. Students analyse business situations, interpret data, question founders, and take decisions under uncertainty, just like real-world investors and business leaders.

## The Skills You Build

## Why Participate

- **Integrated programme** that trains you for being a **entrepreneur, consultant and investor**.
- **Get certificates and recognition** (and LOR for top performers)
- **Interact and with investors and senior industry leaders**
- **Top performers get a chance to visit and observe how a fund works.**
- Boost your profile with real business experience that stands out on applications.

## Meet Your Mentors

**Mr. Rajat Kumar** [in](#)

Nandan Capital | Ex-McKinsey | Wharton Alum

**Mr. Mayank Kapoor** [in](#)

VP Leena AI | Alumni IIT Delhi & MIT

**Mr. Siddhant Gupta** [in](#)

Founder, Himland Capital | Ex-VP Sixth Sense

# Programme Format

## 01 The CEO Round (Online) | July 19

Applied business decision making challenge designed to test how you think, not what you know through CEO style scenarios with limited time and incomplete information.

## 02 The Consultant Round (Online) | July 26

A consultant style case, analyse a company's story and numbers, find the core problem, and recommend the solution with clear, data backed reasoning.

## 03 The Investor Round (Offline/Hybrid) | Aug 2

Step into the role of a Shark, analyse startup pitches, question founders, and decide whether to invest. Present your verdict to a jury of real investors and venture capitalists.

Judged by VC, Debt firms & CXOs from leading startups and MNCs.

## Learning

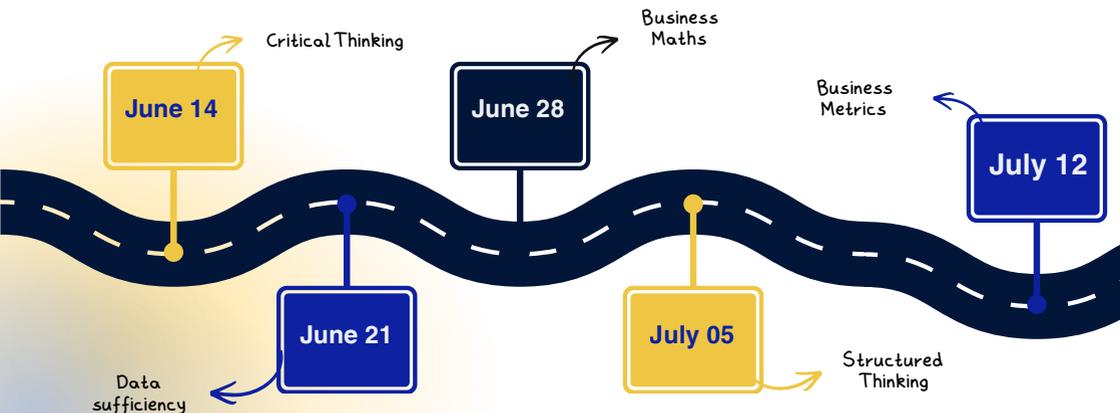

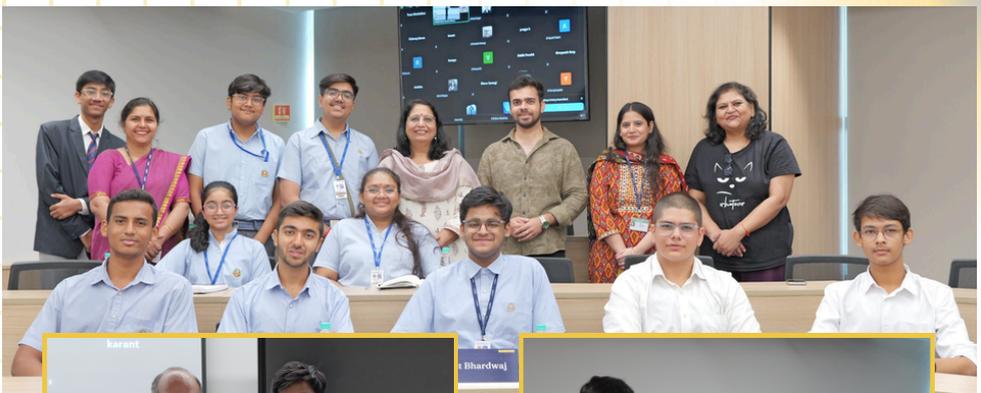

Specialised textbooks on thinking, problem solving and finance terms

Weekly live sessions with industry experts (recordings available)

## Masterclass Journey

## *Voices from Sharkathon*

The unique and intriguing role reversal of judging and investing in an idea instead of pitching one changed how I analyse the opportunities around me.

*Saanvi Aggarwal, Kunskapkolan, Gurugram*

For the first time I understood how pausing and questioning everything to clarify problems and statement is super important for better decision making. Would love to be a part of it again.

*Anushka Mittal, The Heritage School, Rohini*

Sharkathon 2025 was organised well and supported children on their learning journeys. Based on real life cases and helps children spot value in business opportunities

*Usha Iyengar, Rumi Iyengar mother, Greenwood International School*

**Who can participate:** Grades 9<sup>th</sup>-12<sup>th</sup> (and recent graduates)
